

# 500H MK5

The 500H is our robust evacuation chair for any passenger build with an increased payload capacity of up to 227kg. Featuring a double hand grip, descent control handle and footrest. The descent control handle enables a second person to assist and also provides a footrest to the passenger. The unique friction belt ensures a safer and comfortable evacuation for the mobility impaired.

## FEATURES:

- 1 Double handed grip**  
Enhances user operation.

---

- 2 Contoured headrest & intergrated safety strap**  
Provides passenger support and comfort.

---

- 3 Sewn-in safety belt**  
Improves safety & durability.

---

- 4 Redesigned hammock**  
Greater passenger comfort.

---

- 5 Simplified graphical instructions & user guide**  
Easy to follow step-by-step instructions.

---

- 6 Large 100mm castor wheels**  
Ideal for operation over uneven terrain.

---

- 7 Foot strap**  
Helps secure passengers feet.

---

- 8 Unique friction belt system**  
Self-braking track controls smoothness and speed of descent.

---

- 9 Foldable descent control handle/footrest**  
Allows 2nd person to assist.
